VOL. 56—NO. 177 JACKSONVILLE, ILLINOIS, THURSDAY MORNING, JUL 13, 1922 EIGHT PAGES—THREE CENTS

EIGHT CHILDREN DIE WHEN SHELL EXPLODES

"DUD" 75 MILIMETRE SHELL USED TO PROP DOOR CAUSES TRAGEDY

Bodies Are Horribly Mutilated But All Are Identified—Physician Who Responds to Call Finds Body of First Victim He Views is That of His Daughter—House Wrecked

(By The Associated Press)

WATERTOWN, N. Y., July 12.—Eight children, ranging in age from 11 to 16 years were blown to pieces today by the explosion of a 75 millimetre shell on the back porch of a house occupied by Edward G. Workman and William L. Salisbury.

The dead: Morris Salisbury, 16; Frances Wiley, 13; Vivian Jones, 12; Olin Brown, 11; Anson Workman, 13; Edna Workman, 14; Sarah Barden, 13; and Donald Horton, 12, of Pulaski, N. Y., who was visiting the Brown boy.

The shell, owned by Workman, was one which he had kept as a souvenir and used on the rear porch to hold the door from closing. It was believed to he "dead."

The shell is believed to either have been set off by the hot sun or to have been struck by one of the victims with a croquet mallet. Windows within a radius of two blocks were shattered.

Practically all of the clothing was blown off the bodies of the children. The badies were horribly mutilated but identification was possible in every instance.

One of the first physicians on the scene was Dr. F. W. Jones, Lifting a covering which had been placed over one of the forms, he recognized the body of his 12 year old daughter Vivian, by means of an adhesive dressing he had placed on a cut on her leg a half hour before. He did not know his daughter was in the group and was almost overcome with grief.

The bodies of the children were found apparently at places near where they had been standing in their croquet game. Near them lay fragments of the croquet mallets.

The shell apparently let go without warning. Two carpenters at work on a house next door to the Workman home said that a second before the detonation they had heard the voices of the children laughing at play.

The two men were the first to reach the scene.

They were greeted by a scene of utter desolation. The Workman house is of concrete and the concussion had reduced the entire rear of the house to powder. On the ground lay the eight bodies and over all a grey pall of concrete dust was beginning to settle.

Fragments of Clothing in Trees

Fragments of clothing were suspended from trees and house tops. Two automobile tires which had been on the back porch were blown to the roof of a building 200 feet away. Blocks of concrete were blown against neighboring houses and into the streets and surrounding yards.

The shell was what is commonly known as a "dud". The projectile had been fired from one of the six inch howitzer guns during target practice of the 104th field artillery at Pine Plains reservoir, last summer. It had not exploded by fuse or contact and lay in the sand, fully charged, when Mr. Workman found it and brought it home as a souvenir.

Captain C. H. Schumacher, constructing quartermaster temporarily with the field artillery at Madison barracks, was asked by police to inspect the remnants of the shell tonight. He believes the excessive heat beating down on the projectile caused the T. N. T. charge to expand, and made the shell liable to explosion at a much less concusison than normally.

Presence of the concrete wall of the house behind the shell, Captain Schumacher said, threw the force of the explosion forward and directly against the eight children, almost as if it had been standing directly in the path of the shell. Police tonight are honeycombing the city for souvenir shells and have found six, all of which were picked up last summer at Pines Plains. They were dropped in the Black river tonight.

CONFERENCE AT THE HAGUE SEEMS TO BE NEAR END

Chasm Between Russia and Powers Apparently Widens

(By The Associated Press)

THE HAGUE, July 12—Two stormy sessions of the conference on Russian problems today disturbed the calm of the Carnegie peace palace and apparently ended all chance of an agreement between the Russians and the other powers. Another session will be held tomorrow which is generally expected by Russians and non-Russians alike to condemn The Hague conference to absolute failure.

The chasm between the Russians and the other powers apparently, is far wider than at Genoa and the non-Russian group is not divided as it was at Genoa. The British and French are acting now in agreement on the demands concerning nationalizing property, which the Russians say practically amount to insistence on absolute restitution.

This position was developed at the meeting this morning of the sub-commission on property, after which Maxim Litvinoff, head of the soviets, stated emphatically he believed that the conference had exhausted its usefulness and would end without results. This afternoon the sub-commission on debts had equally unfavorable results. The Russians insisted on having the present conference fix the total amount of pre-war debts Russia would be expected to pay, but the non-Russians stood out for fixing this sum thru mixed commissions at a later date.

Litvinoff Grants Interview

At the conclusion of this meeting M. Litvinoff granted an interview in which he declared that the non-Russian delegates clearly had agreed to make the conference a failure and were trying to pin the Russians down to answer questions in order to justify breaking up the meeting.

When the non-Russians were insisting that the amount of pre-war debts which Russia shall pay must be decided by a mixed tribunal, M. Litvinoff objected, saying: "There are two worlds, capitalistic, and communistic. One world would name a communistic, and the other a capitalistic judge; it would require angels to do justice on such a triunal, and I haven't met any angels, and doubt whether they can be found So, I want the conference to decide upon the amount of pre-war debts we shall pay."

Litvinoff also declared that the soviet government must know the amount of its obligations, as it expects to pay them.

Discussing the situation with the correspondent of The Associated Press, M. Alphand, head of the French experts said: "Today's developments clearly demonstrated that is is impossible to carry on any negotiations with the soviet government, whose object is to obtain funds to perpetuate the soviet government's existence."

ANOTHER INJUNCTION ISSUED WEDNESDAY

East St. Louis, Ill., July 12.—Another injunction directed against the striking shopmen of the Missouri Pacific railroad was issued today making a total of five such restraining orders granted to railroads in federal courts here. The orders are returnable from July 15 to 18.

SETTLEMENT OF SHOPMEN'S STRIKE MAY BE IN SIGHT

Rail Heads Leave Door Open Thru the R. R. Labor Board

(By The Associated Press)

CHICAG, July 12—While flatly refusing to meet the leaders of 400,000 striking shopmen to discuss peace proposals, railway executives tonight left open the door for a settlement of the strike thru the railroad labor board.

Immediately after reaching an agreement with the heads of the "big four" brotherhoods not to require their members to do any of the work of striking shopmen the executives began consideration of a peace program submitted to them by chairman Hooper of the board, after a conference with B. M. Jewell, head of the striking shopmen.

Their answer, in the form of a letter addressed to Mr. Hooper who said that he was acting in a "personal capacity" in initiating the negotiations, asserted the strike was called in defiance of the board and that therefore any conference between the executives and the strikers would not be "permissible or tolerable" as it would place the carriers in the position of seeking to find menas to subvert the decision of the board.

"A prompt recall of the strike order," the letter added, "would permit the resumption of former methods of conference and permit the consideration of any matters which representatives of employes might desire to submit."

The willingness of the roads to respond promptly to any summons by the labor board was expressed in closing by the executives. The letter was signed by Samuel M. Felton, president of the Chicago and Great Western railway, L. F. Loree, of the Delaware and Hudson, B. F. Bush, of the Missouri Pacific, Whiteford R. Cole, of the Nashville, Chattanooga and St. Louis.

"It may be final but its only final for today," declared Mr. Jewell when the text of the letter was read to him over the telephone.

Believe Long Step Made

In railway circles the belief was expressed that the mere opening of negotiations was a long step toward a peaceful settlement and that the moves of the day had resulted in throwing the case back into the lap of the labor board in the exact position in which it had rested when Mr. Jewell had allowed a strike order to go into effect on July 1 after ignoring a summons to appear before the board with the railway executives and explain his action.

Authorative reports declare the shopmen's program for settlement of the strike include an agreement to abolish the farming out of shop work to contractors, the revision of pay schedules in respect to overtime, permission for a rehearing of the whole wage controversy by the labor board and the creation by the railways of boards of adjustment provided for in the transportation act.

Railway men asserted that the roads practically had agreed to stop the practice of outside contracting on orders from the labor board and that agreement by the board to grant immediate hearings to requests for pay increases retroactive until July 1 had averted a threatened walkout by some 400,000 maintenance of way men who suffered equally with the shopmen. The belief also was strongly expressed that the question of overtime would not be permitted to stand in the way of a setlement when the conference stage was reached.

Meanwhile violent outbreaks between strike sympathizers, railway guards and federal marshals were reported in increasing numbers and annullment of trains continued in many sections. One man was killed several were seriously injured and a score were kidnaped and beaten in these outbreaks.

The most serious outbreak was at Denison, Tex., where 51 men were attacked by a mob early today. The number included 48 being brought to Denison to be sworn in as federal marshals.

WILL NOT PERMIT MEN TO WORK ON ENGINES

Washington, July 12.—Members of all unions affiliated with the metal trades department of the American Federation of Labor were instructed in orders sent out today from the headquarters here that no further repair work will be authorized on locomotives coming from railroads on which strikes are in progress to outside shops employing union labor.

Condensed Telegraph News

(By The Associated Press)

CHICAGO, July 12.—The University of Illinois will not seek from the state legislature for the next bi-ennium a sum larger than that last year, and it was said the appropriation asked may be slightly less. This was indicated today from discussions from the board of trustees of that institution in a regular meeting here.

OMAHA, July 12.—James C Sanders, for 12 years warden of the state penitentiary at Fort Madison and for the past three years superintendent of schools at Avoca, Iowa, died in a local hospital here today from urenic poisoning. He had been in ill-health for some time.

CINCINNATI, July 12.—Officials of the Big Four Railroad today announced they had obtained an injunction at Mattoon, Ill., to restrain the activities of striking shopmen against men they employ to replace the strikers.

DANVILLE, Ill., July 12.—The Chicago division of the Chicago and Eastern Illinois railroad has less than 10 days supply of coal on hand and may have to curtail its passenger service within the next few days, it was announced here today. The road is obtaining coal from the non-union fields in the south, but has not been able to be supplied on account of the strike of shopmen.

PEORIA, July 12.—Five automobile bandits armed with automatic revolvers and sawed-off shot guns, terrorized motorists along the hard road between Peoria and Pekin last night, shooting thru the windshield of an automobile and holding up several parties, it was learned today. When a man and his wife sought to escape the robbers fired a volley of shots at their car, one of the shots penetrating the wind shield. Money obtained during the raids amounted to less than $100, it was reported.

AURORA, Ill., July 12.—H. A. Nelson of Edgerton, Wis., died today at the Aurora hospital of injuries sustained Sunday when an automobile in which he and August Hoffman of Racine were riding was struck by a Burlington train. Hoffman was killed instantly. Nelson's version of the accident was not learned, as he did not regain conciousness from the time he was picked up. He leaves a widow and four children.

CHICAGO, July 12.—A statewide referendum in Illinois on light wines and beer sentiment is virtually assured at the November election, according to Anton J. Cermak, Chicago alderman and the chairman of the committee in charge of gathering signatures for the petition to put the question on the ballot. More than 500,000 signatures have been obtained, Alderman Cermak said. Only 300,000 are required.

LOS ANGELES, July 12.—A sense of smell was given to a 7 year old girl born with a defective nose by an operation by the convention of the American Osteopathic Society of Ophthalmology and Oto-Laryngology yesterday. Dr. T. J. Ruddy, of Los Angeles performed the operation.

JACKSON, Miss., July 12—Declaring that stills are becoming such a nuisance in Ttate county, Mississippi, Lee Smith, prominent planter, has posted an unusual sign on his place. It reads:

"No hunting, fishing or distilling allowed on this land."

PHILADELPHIA, July 12.—Republican leaders of Pennsylvania today started a campaign to have Uncle Joe Cannon, who retires from congress at the end of this term with the record for the longest service in that body chosen as honorary chairman of the Republican national committee.

GOMPERS CRITICIZES PROCLAMATION OF THE PRESIDENT ON STRIKE

Says it Makes a Fetish of Transportation and Labor Board

(By The Associated Press)

WASHINGTON, July 12—The executive proclamation warning against interference with movement of interstate transportation in connection with the railroad strike and particularly against interference with the United States mails was declared tonight by President Gompers of the American Federation of Labor "to be calculated to make a fetish of the transportation act and of the railroad labor board."

Referring to the injunction against interference, Mr. Gompers' statement declared that "railroad workers who withdrew their services" necessarily affect this movement of equipment.

"The president's proclamation" the statement continued, "implies that the workers, have not proceeded in accordance with the law and that in stopping work they have gone outside of the law. The fact is that the law specifically gives to the workers the right to cease work in the event that they cannot accept the award of the railroad labor board. The findings of the board are not decisions which must be obeyed. They are awards which the board hopes both employers and employes will accept, but which neither is bound to accept.

"I call attention to the fact that 92 railroads, in 104 cases, have refused to abide by awards of the labor board. In ont a single case has the railroad labor board or the federal government coerced a railroad into acceptance of an award. The courage and solidarity of the workers in their resistance to arbitrary and autocratic orders is most commendable and ought to be applauded by every liberty loving American.

"The president's proclamation overlooks fundamentals. It is an effort to sanctify and crown with power the railroad labor board. It is a denial of domestic methods. It is an effort to perpetuate the impossible. The one way to operate the railroads in safety is to revive joint negotiations, bring justice to the workers and thus make possible a condition to safety of railroad equipment."

TAKE DRASTIC STEPS IN KANSAS STRIKE

TOPEKA, Kans., July 12—Storekeepers who refuse to sell supplies to workmen employed in railroad shops will find their places of business closed by state troops under order of Charles I. Martin, adjutant general, according to a report of the method of the General's procedure reaching Governor Allen today.

STERLING URGES SHERIFF MORRISON TO GET UP SPEED

Tells McLean County Official He Must Do His Duty Under Law

(By The Associated Press)

ROCKFORD, Ill., July 12.—Fred E. Sterling, acting governor, tonight sent the following telegram to Sheriffs J. E. Morrison, of McLean county, and J. W. Pearsons, of DeWitt county:

"I am advised by the military authorities of Illinois that the restoration of civil authority and control in your county has not proceeded with the speed and aggressiveness which we had reason to expect and am therefore constrained to admonish you most strongly that your duty and responsibility under the law as the chief conservator of the peace in your county did not cease when state troops, at your request, were sent to your county, as a precautionary measure to prevent threatened public disorder.

"It is my earnest, urgent desire and request that you proceed, with promptness, in the organization of such a force of deputies as you may deem sufficient to control the situation and insure the continued maintenance of now established peace and order in your community, to to the end that the state troops may be withdrawn from this service at the earliest possible moment. Pleast see that there is no undue delay in the performance of this paramount duty on your part as sheriff of your county and keep me advised of your progress."

FAIL TO IDENTIFY MUTILATED BODY

PEORIA, Ill., July 12.—Deputy sheriffs, finger print experts from the police department and Roy Thompson, brother-in-law of John Schorr, missing and alleged to have been a witness of the murder of Constable Arthur Smith were unable tonight to identify the nude and mutilated body of a man found near Havana, Ill. The body was decapitated and the features will be restored artifically upon the skull. The torso, head and hands were eaten by lime in which the murdered man was buried.

DR. J. D. ROBERTSON HEADS SCHOOL BOARD

Chicago, July 12.—Dr. John Dill Robertson, former city health commissioner, was elected and installed today as president of the Chicago board of education. Dr. Robertson was elected to succeed Edwin S. Davis, whose retirement was asked by Mayor Thompson with other board members following an investigation of real estate deals involving schol property. Mrs. Pauline Struwing was elected vice-president today.

COUNTY OFFICIALS REPLACE ILLINOIS NATIONAL GUARD

McLean County to Soon be Back on Peace Time Basis

(By The Associated Press)

BLOOMINGTON, Ill., July 12.—McLean county today began putting its government back on a peace time basis preparatory to relieving the Illinois national guard of the task of keeping order here.

Sheriff "Jake" Morrison, with five deputies, took over the gaurdianship of the Chicago and Alton yards, and the troops were withdrawn to the railroad shops.

There withdrawal from the yard district staved off the threatened walkout of engineers, firemen, trainmen and conductors—members of the four big brotherhoods—who had refused to take out trains under troop protection. The four brotherhoods ordered their members back to work and freight service was resumed this afternoon. Passenger traffic was delayed last night and this morning, but whenever a train was ready to go out the train service unions authorized the crews to go.

The trainmen made it plain in conferences with Colonel A. L. Culbertson, Sheriff Morrison and Mayor Edward E. Jones that the refusal to work under troop protection was suspended only temporarily and would be invoked again if promiscuous shooting is resumed about the shops.

Mayor Jones and the sheriff both issued proclamations to the people of Bloomington and McLean county today urging them to refrain from inflammatory talk and not to congregate on the streets.

Railroad officials expressed hope this afternoon that service would be practically normal within a few days. Ninety four non-union men who were brought in from Chicago to take the places of striking shopmen have succeeded in repairing and coaling a number of locomotives and engines are being sent out from Bloomington for the first time since last Saturday morning. For four days all incoming trains went on thru as no coal or water could be obtained here.

Receive Last Pay Checks Today.

The Chicago and Alton announced that the 2,000 striking shop workers will receive their last pay checks tomorrow, and thereafter will not be recognized as employes, forfeiting all seniority rights and other privileges. The strikers were instructed to turn in their passes and other company property.

The presence of five companies or guardsmen at the shops and union depot has practically ceased to excite interest in Bloomington and not more than fifty people outside of strike pickets were about the shops today. The usual crowd of sightseers motored to the strike zone this evening but the throng was good natured and kept at a safe distnce.

The soldiers themselves have settled down to routine camp life and the wild shooting of the first night, when many rifles were accidently discharged has practically ceased.

Colonel Culbertson announced today that he would not recommend withdrawal of the guardsmen for several days, until Sheriff Morrison demonstrates he is able to handle the situation alone. It was intimated that the withdrawal will be gradual a company at a time being replaced by deputies.

COUNTRY'S FARMERS HAD GOOD WEEK

(By The Associated Press)

WASHINGTON, July 12—The country's farmers generally have had a good week, the weather bureau reported today in its weather and crop review for the seven day period ending with yesterday.

Generous rains fell in the north central valley regions where the drought had become serious, the review said, and little rainfall fell in many northeastern districts where the precipitation previously had been excessive.

Despite the rains, harvesting of winter wheat made good progress, cutting being under way practically to the northern limits of the belt in the central states. Cool weather with ample moisture was decidedly favorable for spring wheat in the north central states.

Reports to the bureau further revealed that the oats crop will be poor, although rains helped late oats in the more northern states.

Temperature and moisture conditions were favorable for corn in all central states and the crop was reported as having made satisfactory progress.

BITIMINOUS MINERS AND OPERATORS ARE SIDESTEPPING ISSUE

High Officials Declare Policy is Intended to Evade or Delay the Immediate Response—Want the Arbitration Proposals to Apply to All Partially Unionized Coal Fields

(By The Associated Press)

WASHINGTON, July 12.—Anthracite mine owners today submitted a response to the government's offer of arbitration in the coal situation that President Harding was said to regard as a complete accomplishment.

Meanwhile the miners' union, and to a degree the bituminous coal operators, continued to pursue a policy which high officials declared was intended to evade or delay an immediate response, and in which officials said a disposition to reject the government's settlement plan if public opinion would approve such a course.

President Lewis of the United Mine Workers and other officials of that organization, called on Secretary Davis today and were understood to be endeavoring to induce the president to make the arbitration proposals apply to all the partially unionized territory as well as the mining area shut down by the bituminous strike. So far as the willingness of anthracite operators to settle was concerned, Mr Lewis said "arbitration in the anthracite fields would be considered by the mine workers with the bituminous arbitration proposals at the general policy committee meeting Saturday."

Responses from the bituminous industry, it was evident would not be in the president's hands before Monday.

Two conditions were attached to the anthracite employers' acceptance of arbitration as a means of ending the suspension of operations in their territory, one that a separate commission consider wage scales in that industry and a second that the commission be required to return a decision about August 10. Meantime, they agreed to the president's suggestion of paying the wage rate of March 31, tho protesting that this "would embarass rather than assist the effort to restore normal conditions," because public demand "for decreased prices of an thracite is imperative."

Declaring that the anthracite industry had no problems of part time employment, but had entirely different ends of work and living than in the bituminous fields, and that a commission now appointed to operate should be required to set up a permanent method "by which wages and working conditions in the future can be automatically adjusted," the operators asked the president to name three representatives of the public on the board, and only one miner and one operator, this it was held, would assure a nonpartisan adjudication a decision from such a commission, they declared they would accept "without reservation or qualification."

Conditions which both operators and the unions of the bituminous industry are asking to be attached to the president's offer were viewed as seriously disturbing today by officials concerned. Mr. Lewis and union officials suggested the government arrange to apply the arbitration proceedings in settlement of wages in practically all the territory which the union claims as its own, in the mines of Washington state, and those of West Virginia and Pennsylvania where some production had been accomplished.

A high official discussing the proposals today, said this was equivalent to asking that the president's offer of arbitration "in the mines not now working" be changed to an offer of arbitration in all mines. It was strongly intimated that the government could not force every operator of the 9,000 in the country to accept findings of such a commission and that the request was intended to make arbitration impossible.

WEATHER

Missouri—Fair Thursday, probably becoming unsettled Friday; rising temperature.

Iowa—Fair and warmer Thursday; Friday probably increasing cloudiness, becoming unsettled at night.

FIVE KILLED WHEN LIMITED COLLIDES WITH FREIGHT TRAIN

Forty Injured in Accident Which Occurs Near Kansas City

(By The Associated Press)

KANSAS CITY, Mo., July 12—Five persons were killed and forty injured, mostly of them seriously, when the Missouri Pacific Scenic Limited flier, westbound from St. Louis to California collided headon with a local freight train here tonight.

The flier was running half an hour late on its schedule. It left St. Louis at 9 o'clock this morning, after connecting with a Pennsylvania railroad fast train from New York and Philadelphia. Most of the passengers were from the east, a railroad official said tonight.

Misunderstood orders are believed the cause of the wreck. According to the rules of the road, a freight train must seek a siding 15 minutes before a passenger is due, regardless of other orders. It is believed the fact that the train was late confused the men in charge of the freight.

At a late hour all of the wreckage had not been cleared and the exact number of dead could not be learned. Many believed that at least ten were killed.

A railway mail car, the baggage car, the smoking car and a chair car of the passenger train were wrecked. he smoker was telescoped for two thirds of its length. None of the sleeping cars nor the diner left the track.

The most severely injured and most of the dead rode in the smoking car, one of an old wooden type. They were laborers being transported by the railroad. Only one of the dead had been identified tonight. He was W. A. Rader, freight engineer, Kansas City.

The injured included: Mrs. J. D. Newman, Shelbyville, Ind., internal injuries; Mrs. F. H. Morton, St. Louis, internal injuries; Buford Trusseli, Bafard, Mo. arm broken, cut on head; James Moses, Kansas City, engineer on passenger train, dangerously scalded, perhaps fatally, death expected; Mrs. J. B. Newman, Shipley, Ind., bruised and shaken up; Mrs. George C. Stolman, St. Louis, extent of injuries not learned.

SHOTS FIRED NEAR BLOOMINGTON SHOPS

BLOOMINGTON, Ill., July 13—At 1 o'clock this (Thursday) morning sentinels on duty at the southwest sector of the Chicago and Alton shops reported two shots evidently fired from a point but a short distance away. No one was struck.

While asserting that they had no desire to delay consideration of the tariff bill, the Democrats took up four hours of time talking about Mexico in the first day of the tariff debate.

Another economy in White House management has been instituted by President Harding. Unnecessary policemen detailed to the Executive Mansion have been withdrawn and sent back to the Washington precincts. The change will save the government about $40,000 a year.

If the coal miners and operators do not accept arbitration proposal made by President Harding there will be abundant proof that they have no real wish to settle the mining dispute at the present time, even after three months' deliberation.

A law has been passed in Czecho-Slovakia, where the telephone service is operated by the government, compelling all telephone subscribers to buy a minimum of 6,000 kronen in government bonds, the penalty for refusal being the disconnection of the telephone instruments.

Compulsory government bond buying in the United States would be good for the investors.

The Announcement that street paving work is soon to begin has a good scund. A glance backward will bring the proof that when paving operations have been in progress in Jacksonville that the business conditions have been generally satisfactory. A paving program will help the forward movement in Jacksonville, for paving is an investment that brings results.

At an election in Bloomington the voters decided to return to the aldermanic form of government. The Pantagraph of that city bemoans this fact and regrets that less than 5,000 voters out of 14,000 expressed their views on such an important question.

The Pantagraph looks upon the decision as a backward step. This need not be so, and Bloomington should take heart. The aldermanic form is working in a very satisfactory way here in Jacksonville.

As has been often and truly said, the success of a municipal government depends not upon the form but upon the men elected to office. Select the right kind of mayor and aldermen for Bloomington and there will be no need to mourn about the change.

British activities to prevent the development of the American merchant marine are taking new and ingenious forms. It has come to light that recent rules for the operation of the Suez Canal, controlled by the British government require that all tankers going thru the waterway shall be registered under certain foreign ship registries.

The American bureau of shipping and the government's official classification bureau were omitted from the list, with the result that over 577,000 tons of our government-owned tankers and 223,000 of American privately-owned tankers are debarred from the use of the canal. Of course there are effective means for retaliation at the command of the Shipping Board, and little need be feared as to the eventual outcome of the struggle, but the action of the British officials serves to show how bitter that struggle is to be. The American shipping board deserves the united support of all Americans in the fight it is waging.

MADE GOOD SHOWING AT MERERDOSIA

Jacksonville Sent Big Delegation for Bridge Opening Event

Jacksonville was well represented at Meredosia Wednesday when the river bridge was opened to general traffic. About thirty cars lined up before the Chamber of Commerce headquarters about 9:15 and the start was made at 9:45. C. M. Strawn and Tom Buckthorpe served as marshals and Mayor E. E. Crabtree drove the pilot car. Other cars left at later hours and by noon at least 40 had started on the Meredosia journey.

Among those who furnished cars to take Jacksonville people to Meredosia were:

George A. Wiseman, William Babb, H. M. Capps, Chester Colton, William E. Sullivan, E. A. Brennan, George L. Riggs, Oyer Wright, Harold Dunlap, Leslie Vieira, H. J. Rodgers, G. B. Kendall, H. H. Vasconellos, Ernest Roach, J. F. Claus, J. J. Reeve, Jesse Henry, T. M. Tomlinson, Marcus Hulett, H. K. Snyder, Fred Ranson, J. E. Osborne, John Larson, L. V. Baldwin, E. E. Crabtree, Fay G. Smith, C. M. Strawn, John Berger, Fred Hopper, Grant Graff, Eugene Keefe, Lloyd Hamilton, Doc Hopkins, Ed Wackerle, Alex Ranson, Jack Fogarty, Harry Norris, Charles Sedler, Wesley Smith, V. R. Riley, G. A. Dunlap and O. C. Smith.

ANOTHER SHIPMENT OF WHITE RIBBON SPORT HATS JUST RECEIVED ON SALE FOR $1.95, AT HERMAN'S

H. R. Mawson and family of the west part of the county came to the city yesterday.

Ross Long of Markham made the city a visit yesterday.

AT NICHOLS PARK

Already the lilies in the new pool just south of the pavilion are blooming. Three colors are to be seen and each year the place will become more attractive.

There are several flower beds which are a just cause for pride and satisfaction. The twin beds with the cannas and small flower border are very beautiful and the cannas are unusually large and thrifty. They have received intelligent care and are repaying it wiht fine blooms.

The beds around the pool are full of bloom and are admired very much by all who see them.

There were three picnics of considerable size in the park Tuesday afternoon and going out yesterday morning no trace of them was discernable. All littler had been carefully disposed of and all was left neat and clean. The First Baptist church supplied one gathering and State Street church the other, and the writer was unable to ascertain the name of the other but on behalf of the park board desires to commend the treatment of the park by these people. Come again.

Supt. Hopper has done a splendid job in making the water connections. He began with the city mains on Superior avenue and extended on with the work and now is about through and it was a large task calling for much skill and judgment and it has been admirably done. Water will now beconveyed to the golf greens and for this the golf people helped pay the expenses; then the proposed swimming pool, the various flower beds, the lily pond and a pipe has been conveyed across the lake under water, which will supply the chautauqua assembly with drinking water doing away with the inconvenient, and in many respects objectionable tank.

The conveying or laying the pipe across the lake was an ingenious piece of work. Securing lots of chain, rope and strong wire Mr. Hopper hitched a team on the opposite side and as he screwed length after length the team drew it along until the other side was reached.

A plan has been suggested and probably will be carried out for cooling the chautauqua drinking water. Prepare a concrete box partly under ground, place in it a coil of pipe and cover it with ice to cool the water and in this way a desirable temperature will be maintained. The wells near the playground are not very strong and there have been frequent complaints regarding the pumps but the trouble is not with them; you can't draw water from an empty well.

LOOK! LOOK! LOOK!

Mrs. C. N. Bowen was up to the city from White Hall yesterday.

Homer Williamson of Murrayville was a city arrival yesterday.

Mrs. Ruth Callaway of Chapin called in the city yesterday.

REV. G. A. PUTNAM HAD LONG PASTORATE

Father of Local Man Served Congregational Church In Massachusetts for Many Years.

The death of Rev. George A. Putnam, father of Prof. G. H. Putnam, of the faculty of the School for the Deaf, occurred recently in Worcester, Mass. The deceased, who was eighty-seven years of age, served for a great many years as pastor of the First Congregational church of Millbury, Mass.

The following facts with reference to Rev. Mr. Putnam are taken from the Congregationalist:

"Mr. Putnam was born in Dunbarton, New Hampshire, received his college training at Union College, Schnectady, N. Y., and his theological training at Bangor, Me. He gradauted from the latter school in 1860.

His first pastorate was at Yarmouth, Me., where he served ten years. The long, cold winters there proved to be too severe for his health and he was obliged to leave, seeking a pastorate farther inland.

"After a few weeks rest, an opportunity came to preach in Millbury for a short time. He had no thought of remaining permanently and refused to be installed until he had been in the church for over a year. But he came to feel that his call to Millbury was most providential. In the fresh air of its hills, and in the quiet of a semi rural parish, he regained his health. Meanwhile he fell in love with the place and his people and never lost that love. He died as pastor emeritus 50 years after his installation as pastor.

"The town of Millbury always counted itself rich in the possession of Mr. Putnam, and was justly proud of him. The Worcester South Association of Congregational churches had the same feeling. The First Church of Millbury, altho a slowly changing population reduced its numbers, grew spiritually strong during the half century of his ministry.

"Mr. Putnam is survived by his wife, Louisa (Sabin) Putnam, three daughters. Miss Jennie L. Putnam, Miss Florence A. Putnam, and Mrs. Frederick B. Williams, all of Worcester, and two sons, Prof. George H. Putnam, of Jacksonville, Illinois, and Dr. Harry W. Putnam, of Topeka, Kansas."

STILL SEEK PLEDGES FOR OUTING FUND

Social Service League Needs $105 More to Send Boys and Girls to Meredosia.

Contributions are coming in somewhat slowly for the outing fund of the Social Service league. It is proposed to raise $300 to give 30 boys and 30 girls of the poor families of Jacksonville a week's camping trip to Meredosia bay. Three hundred dollars will pay the expenses of 60 boys and girls and $194.50 has been raised thus far, in accordance with the report made yesterday by M. C. Hook of the committee.

Subscriptions not previously acknowledged are: L. F. Randall, $5; Fred Begg, $5; Lloyd T. Hamilton, $5; J. E. Osborne, $5; Howard Zahn, $5.

In order to complete the fund it is necessary to raise an additional $105.50. Subscriptions may be left at the Courier or the Journal offices, or a telephone call to the office of M. C. Hook will bring some one to whom the subscription may be paid.

The experience of last year gave abundant proof that the camping trip will be very beneficial for the boys and girls of the group mentioned.

NOTICE OF EXAMINATION

An examination for teachers' certificates will be held in the office of the County Superintendent of Schools on Thursday and Friday, July 20th and 21st. For further information call or write

H. H. Vasconcellos,
County Superintendent.

RABJOHNS & REID

CARRIERS WERE GUESTS AT CARNIVAL

Boys in the circulation departments of the Courier and the Journal were guests of the management of the Gold Medal Carnival Co., Wednesday night. The boys were present by invitation of Mr. Powers, press agent for the shows, and spent the evening in a very enjoyable way. They were taken into all the side shows, had free access to the various riding devices and in fact were extended all possible courtsey. It goes without saying that the boys appreciated the treatment accorded them.

A big crowd was in attendance at the Carnival again last night and the company is having a successful week.

LONG'S PHARMACY

WORKS FOR CHILD MUST KEEP WELL

Mothers in a Like Situation Should Read This Letter from Mrs. Enrico

Chicago, Illinois.—"I took Lydia E. Pinkham's Vegetable Compound for a serious trouble. I had tried doctors and all said the same—an operation. At first I only felt the pain on my left side, but later I seemed to feel it on both sides.' I am a power sewing-machine operator and have a little girl to support. I work in a tailor shop and that line of work has been very slack this year and I am home part of the time. I do not like to take any chances, so I consulted my friends, and one lady said, 'Take Lydia Pinkham's medicine,' so I did. I have felt better right along and am in good enough health to go to work. I recommend your Vegetable Compound and Sanative Wash to all."—Mrs. MARY ENRICO, 459 N. Carpenter St., Chicago.

Often the mother is obliged to support her children and good health is necessary. Lydia E. Pinkham's Vegetable Compound is just the medicine you can depend upon. It is a medicine for women's ailments and the relief it brought Mrs. Enrico it may bring to you.

CHAPIN WOMAN'S CLUB HAD MEETING TUESDAY

Interesting Session of Club Held at Scott Hotel—Other Items of Interest From Chapin.

Chapin, July 12.—Mrs. Phoebe Scott and Mrs. E. E. Sidles entertained the Chapin Woman's club Tuesday afternoon at the Scott Hotel.

Jingles were to be given in answer to roll and a number of amusing new ryhmes were given by the fifteen members present.

"Slow Down and Live Longer" was the subject of an extremely interesting paper given by Miss Amy Onken. Having taken the negative view she presented facts to show that the more actively one engaged in life's battles the better were the chances for a long life. An interesting discussion followed the paper.

During the social hour the hostesses, assisted by Misses Helen Sidles and Angie Joy served dainty refreshments. Mrs. O. H. Coultas of Peoria and Mrs. Edgar Watkins of Petersburg were out of town guests at the meeting.

Miss Barbara Smith left Tuesday morning for Havana to join a camping party at Lake Matanzas for a week.

Mr. and Mrs. P. H. Ham will go to Beardstown Wednesday to spend several days with Mr. and Mrs. Frank Smith.

H. H. Bancroft of Jacksonville was a business visitor in Chapin Tuesday.

Rev. and Mrs. O. W. Lough and family were Jacksonville visitors Tuesday.

Little Warren and Wilma Ross of Jacksonville are visiting their grandmother, Mrs. Ada Funk.

Presbyterian church and Woodson band will give an ice cream and hamburger social on the school lawn at Woodson, Thursday, July 13th, beginning at 7 p. m. Everyone invited.

MANCHESTER FAMILY LEFT FOR MINNESOTA

Mr. and Mrs. A. C. Barnes Now Visiting Relatives in Minnesota Other Manchester News.

MANCHESTER, July 11.—Mr. and Mrs. A. C. Barnes left recently for Fergus Falls, Minn. where they will visit their son, Frank Barnes, and their daughter, Mrs. Lulu Prindle and family. They expect to be gone for a number of weeks.

Mrs. Curtis Brown and little daughter Doris of St. Louis are visiting at the home of Mrs. Anna Caldwell.

Rev. and Mrs. Oliver Lee and little son Wilferd, Misses Louise Pearce and Lola Dell Summers, and James Laken went to Shelbyville Monday morning where they will attend the Epworth League Institute.

The families of J. C. Andras Jr. L. C. Funk and R. C. Curtis motored to Lake Matanzas Sunday where they enjoyed an outing.

A much needed rain fell here Monday.

Marion Voyles is again at work with the telephone Co. after a weeks vacation spent with relative near Greenfield.

Mr. and Mrs. Edward Luinsden and baby of Woodson were visitors at the home of Curtis Kelly Sunday afternoon.

Mrs. Mary Blakeman and daughter Maude and Mr. and Mrs. George Lewis of Murrayville spent Sunday at the home of John Blakeman.

Work shoes $1.98. Hoppers'.

NOTICE OF FINAL SETTLEMENT

In the Matter of the Estate of Albert Fountain, Deceased.

Notice is Hereby Given, That I, the undersigned administratrix of the Estate of Albert Fountain, Deceased, have caused her final report and account as such administratrix to be placed on file in the office of the Clerk of the County of Morgan County, Illinois, and that she shall apply to said Court on Monday, the 31st. day of July, A. D. 1922 at 9 o'clock A. M. of that day, or as soon thereafter as can be heard, for an order of approval of said report and account, and for her final discharge, at which time all persons interested can appear and show cause, if any they have, why such order and discharge should not be granted.

ELIZABETH FOUNTAIN, Administratrix.

NOW VISITING PARENTS IN THE CITY

Wilbur Hitte of Omaha, Nebraska, is visiting at the home of his parents, Mr. and Mrs. L. F. Hitte on North Prairie street. Mr. Hitte will be in the city for about two weeks before returning to Omaha where he plays in the Rialto Symphony Orchestra. He will be accompanied back to Omaha by his brother, Dudley, who will join the orchestra in the capacity of violinist.

OLD TIME FRIENDS MEET

H. A. Breeden of the firm of Breeden & Dorand, had the pleasure yesterday of a visit from two old friends, Ernest Peterson and Levi Hoyt of Barry. The latter was Mr. Breeden's birthplace and the visitors were esteemed friends of his earlier years and the three had a very pleasant meeting.

AUTO TRAVELERS

J. O'Brien, A. W. Casener, John and David O'Brien arrived by Ford auto from Kansas City yesterday. They had been westward at work and were enroute to their home in Chicago.

DIVORCE SUIT FILED.

A suit for divorce was filed Wednesday in the office of Circuit Clerk Wanamaker for hearing at the November term of court. Charles E. Morton is seeking divorce from his wife, Stella M. Morton. The bill sets forth that the two were married April 28, 1916, and lived together until July 9 of the present year. A statutory charge is made against the defendant, and the complainant asks the custody of their two children.

LICENSED TO MARRY.

CALHOUN'S APPLE CROP BEING BOUGHT UP

HARDIN, Ill—Calhoun county's famous apple crop is being bought up rapidly. Up to date $125,000 worth of the crop on the trees has been bought in Hardin alone. The price paid is $2 a barrel on the trees which is equal to $3.50 a barrel at the landings, according to the commission men. The county's crop is estimated at 350,000 barrels which, at the prevailing price, will sell for $700,000 on the trees. The money paid for barrels picking, packing and hauling will brng the amount left in the county, it is said, to $1,000,000.

Germany Balks on More Cash Payments

(By The Associated Press)

PARIS, July 12.—Germany served notice on the allied powers thru the reparations commission today that she could no longer meet cash obzligations of any sort, whether growing out of the Versailles treaty stipulations, undertaken by acceptance of the London ultimatum of May 5, 1921, or arranged by the schedule of payments drawn up by the reparations commission on March 21, 1922.

The depreciation of the mark on foreign exchanges is given as the reason for the impossibility of Germany to pay, and for her request that she be relieved of cash engagements, including the payment of 32,000,000 gold marks on Saturday, as well as all subsequent payments in 1922, 1923, and 1924.

The German note makes no mention of Germany's intention regarding cash payments after 1924, but asks that the negotiations for a foreign loan be resumed at the earliest possible date, or a financial, economic and social catastrophe in Germany is likely.

The commission will decide tomorrow if Germany must meet the July 15 payment, but will make no ruling as to a further moratoriu muntil it receives the report of the committee on guarantees, now in Berlin.

The commission this afternoon took under consideration Germany's request for a moratorium of two and a half years on cash reparations payments, which was contained in the German note. It is understood that the commission tentatively determined to insist on payment of 32,000,000 gold marks due on Saturday.

The commission on guarantees on whose report depends the question of a moratorium, will furnish details on the financial situation in Geremany. In reparations circles the feeling is becoming stronger that some relief in the form of a moratorium on a cash payment will be granted Germany, a majority of the commission members seeming to favor such a step.

The Germans asked to be relieved on next Saturday's payment on the ground that the money was badly needed to pay for foreign cereals soon to be purchased in order to insure enough bread for the people.

RAIL EXECUTIVES REFUSE TO MEET WITH B. M. JEWELL

Says Issue Now is Not Between Carriers and Crafts on Strike

(By The Associated Press)

CHICAGO, July 12—A refusal to meet with B. M. Jewell, head of the striking shopmen to discuss peace negotiations was the answer tonight of railway executives to the appeal of Ben W. Hooper, chairman of the railroad labor board.

In a letter addressed to Mr. Hooper, the executives declared that "the issue raised is not one for consideration between the carriers and the representatives of the organized crafts or strike except thru the further ordely processes before the railroad labor board."

Asserting that the strike was a refusal to accept the results of the arbitration of the labor board, the letter declared that no conference contingent on the abandonment of the decision of the board was "permissable nor tolerable, because it would place the carriers participating therein in apparent co-operation with those on strike in seeking to find means to subvert the decision of the labor board."

The letter added that "a prompt recall of the strike order would permit the resumption of former methods of conference and perit the consideration of any matters which representatives of employes might desire to submit.

FIGHT OVER TEXTILES LAUNCHED IN SENATE

(By The Associated Press)

WASHINGTON(July 12—Completing considerations of committee amendments to the agricultural schedule after two weeks work the senate launched today into what promised to be several weeks fight over the tariff duties on textiles—cotton, wool, linen and silk. The cotton schedule was the first in order but only one amendment was disposed of, this providing for a duty of seven cents a pound on Egyptian cotton designed to protect the growers of long staple cotton in Arizona and Southern California.

A flood of amendments to some sections of this schedule were offered by Senator Smoot, Republican, Utah, on behalf of the finance committee majority, these representing the work of the committee in rewriting rates. Senator Smoot explained that the reductions approximated four per cent on thread and fabrics and much larger decreases in the duties on hosiery and gloves, representing a cut of 50 per cent in the case of the cheaper grades of gloves.

Under questioning from the Democratic side Senator. Smoot said the committee majority also would propose some reductions on woolen goods, but said that these could not exceed more than five per cent.

MASKED ROBBERS MURDER WOMAN

(By The Associated Press)

PEORIA, Ill., July 12—Four masked men at 1:10 o'clock this morning broke into the home of Susan Harris, 61, and Hattie Harris, 63, spinster sisters, four miles north east of Mackinaw, Ill., and killed one of the women and badly injured the other. They were after a large sum of money supposed to have been hidden in the house by the women, who were reported to be wealthy and eccentric. Miss Jane Wood, a nurse, who had been attending Miss Susan Harris in a recent illness gave the alarm but by time neighbors appeared, the murders had escaped. A rescuing party found the body of Susan Harris, dead in bed, and her sister Hattie unconscious.

It is believed that the bandits were the same men, who early yesterday morning halted a dozen parties of motorists on the East Peoria road and robbed them at the point of a sawed off shot gun.

Bear Team After Taffy of Amorous Lad Disturbs March

One thinks of hugs when one gazes at bears, and perhaps that's why a yokel, with a brown derby hat, a purple silk shirt and patent leather, button shoes, eating taffy and absorbed in the passing sights of the Al G. Barnes circus parade at Coshocton, Ohio, last year, made the remark that he did. However, it is more likely that the sight of pretty Miss Dot Whitney, driving a team of black bears in the pageant, startled the bumpkin into remarking, "Gosh! I could jes! hug that girl!"

Things happened then. Despite Miss Whitney's pull on the reins, both bears made for the astounded speaker, who swallowed a whole dime's worth of taffy and ducked thru the crowd. The taffy gone, the circus girl had no trouble in swinging her bear team back into line, but the yokel no doubt believes it's awfully dangerous to make masher remarks about ladies with the Al G. Barnes show when bears are about. But, you'll see, when the biggest wild animal show on earth comes to Jacksonville, Friday, July 14th, and the two mile street parade, with its scores of open cages and dens, marches by on the main thorofare, that Miss Whitney's strange team eyes the throngs along the curbs for folks eating sweets. Those bears have it all over Sherman's "bummer's" in spotting eats along the line of march.

OAKES ESTATE LANDS TO BE SOLD AT AUCTION

Large Acreage to be Disposed of July 26 at Auction—Other Bluffs News.

BLUFFS, July 11.—On Wednesday July 26 commencing promptly at 1 o'clock P. M. at the bank of Bluffs in the city of Bluffs Scott county 1,800 acres of land will be sold at public auction to settle the estate of the late Messrs. Charles and Henry Oakes. The land has been divided into plats ranging from 20 to 408 acres. Some of the land extends inside the corporation limits of Bluffs and other plats near Naples and in Scott county drainage levee district and also farms known as the Dresser and Word farms. The Aid societies of the M. P. church will serve a suitable luncheon during the hours of the sale.

Several relatives gathered at the home of Mrs. Lena Korty Saturday to assist her in celebrating her birthday.

Miss Mable Sibley of Winchester who has been the guest of her grandparents Mr. and Mrs. James Branson has returned to her home in Winchester.

Mrs. E. J. Palmer left Saturday evening for an extended visit with her parents, Mr. and Mrs. W. A. Jenkins of Manchester, N. H.

Mr and Mrs. C. A. Phillips daughter. Ruth and Harry Six went to Riverton Sunday to visit Allen Six who is confined at the tubercular home in that city from a slight affection of the lungs. Allen is a bright young man aged 19 years and has been in the employ of the Phillip's Produce Co. His friends hope for a speedy recovery.

Mark Baird, soldier who has been stationed in Siberaia, Philippine Islands and other eastern points has received his honorable discharge and has returned home. He is the son of Mr. and Mrs. A. W. Baird.

Mrs. Lillie Henry of Tecamah, Neb. is the guest of her daughter, Mrs. Ira Little.

The Wabash engine helpers that have been running out of Baylis for the past two months have been transferred to Bluffs. No freights were running out of Bluffs Monday. Thirty men, boiler makers, helpers pipe fitters, machinists and helpers walked out peaceably, July first at ten o'clock.

Quiet and order has prevailed and trains have been moving as usual until Monday when the freight traffic seemed to be on a standstill.

Harry Pyle of Clayton is the guest of his brother Arthur Pyle and wife.

Mrs. William Vannier, Mrs. Dean Wildy and Miss Cleo Bergner entertained their classes of the M. E. Sunday school to a picnic in the grove east of town Saturday afternoon.

Mrs. Etta Weiss and children of Springfield have returned to her home with Mr. and Mrs August Frohwitter to remain for an extended visit.

Mrs. Etta Oakes left for a visit with her daughter, Mrs. Virgil Robertson of Virginia.

Mrs. L. W Bates and daughter, Marcilla returned from a weeks visit with her parents in Versailles

Mrs. Margaret Tewksbury and grand-daughter Margaret came Saturday evening to visit at the Tewksbury home for a time.

Ben Placke accompanied his father, Henry Placke, from the Passavant hospital in Jacksonville to his home Monday.

Mr. Placke had been confined at the hospital for the past four weeks, recovering from an operation for the removal of an abscess of the kidney.

OLDEST I. C. GRADUATE AND SIG FOUNDER DEAD

Rev. G. W. Harlan Passed Away at Home in Farmington, Missouri—Was Formerly Resident Here.

Farmington, Mo., July 12.—Rev. G. W. Harlan died at his home here at 2 o'clock this afternoon aged 97 years and 10 months. He was born in Trigg county, Ky., and received his education at the Illinois College of Jacksonville, Ill., being the oldest living alumnus of that school. He early entered the ministry of the Presbyterian church.

He came to Farmington, Mo., in 1853 and had a prominent part in the growth of the Presbyterian church in Southeastern Missouri. For more than fifty years he was stated clerk of the Postal Presbytery. He was united in marriage to Miss Martha Kennedy on July 16, 1867. He is survived by his wife and one son, William M. Harlan, president of the Bank of Farmington. The deceased was a cousin of the late Chief Justice John Harlan. His death was due to pmneumonia. The funeral will occur Thursday.

George Harlan as he was known here, was the son of Levi Harlan, and the family were early settlers here, Mr. Levi Harlan going to Winchester, Scott county, many years ago. Lee Harlan was a brother of George and Mrs. A. G. Burr was a sister. They were a splendid family, held in high esteem here and in Scott county. They lived where the Christian church is now.

George W. Harlin was graduated from Illinois college in the class of 1846 with F. E. Baldwin and John B. Shaw. As stated above he was the last of the founders of Sigma Pi society of Illinois college, established in 1843. Only a few weeks ago the Journal published a letter from Mr. Harlan in reply to greetings wired to him from a "Sig" love feast.

He was hearty, kindly and good to the last, and has entered into "the rest which remains for the people of God."

Miss Alice Paul made a trip from Woodson to the city yesterday.

E. R. Gardener of Champaign traveled to Jacksonville yesterday.

Fred Ford journeyed from Greenfield to the city yesterday.

HOWITZER COMPANY MAY GO TO CIRCUS

The men of the Howitzer company will be treated to the Barnes Circus tomorrow night if the solicitor who is working in the business district this morning obtains the sufficient funds. They have received many gifts from the public so far which were highly appreciated. W. S. Ehnle donated several cartons of cigarettes and Mr. Cox supplied them with a large quanity of fine apples.

Part of the program yesterday evening was two four round boxing bouts between members of the company. The men are be subjected to six hours of h drill during the day and always ready for a big nig sleep.

Mrs. Angie Weber, Mrs. S. Gray and Mrs. Clara Deathera of Fancy Prairie expected to go White Hall today to attend funeral of Mrs. Nora Deathera

WILL MEET TODAY

The West Side Art club meet today at the home of M Laura Moore of 226 East Mor street at 2:30 o'clock.

TRUCK DRIVER IS NEAR TO DEATH

Julian Hall in Attempting to Jump from Mail Truck Falls in Front of Moving Street Car—Bruised Hip is Only Damage.

Julian Hall, mail truck driver residing at 205 North Church street, had a narrow escape from death Wednesday night when his truck came into near collision with a street car in front of the postoffice in East State street.

Hall was coming out of the post-office grounds about 9:40 o'clock last night when he saw a street car coming toward him. He claims he was going at a low rate of speed while the street car was going fast. On seeing the street car so near he decided that safety lay in jumping and so jumped.

He fell on the street car track directly in front of the car but by a miracle was able to get off before the street car passed. The car which he had left in gear crossed the track in safety and climbing the curb stopped a few inches from a store window. Hall received a painful bruise from his contact with the pavement.

J. W. Wesselman, the street car motorman, said that he had just started up and was going at a low speed at the time of the near collision.

CLUBS AND SOCIETY

Pleasant Hour Club Met

The Pleasant Hour club met at the home of Mrs. Eugene Pyatt on North Fayette street yesterday afternoon. Several hours were spent in living up to the club's name and delicious refreshments were served. John Pyatt entertained with several selections on the piano

Societies Meet in Joint Session

The annual joint meeting of the Woman's Foreign Missionary societies of Ebenezer church and Wesley Chapel was held yesterday afternoon at the home of Rev. S. E. Bracewell in this city. About fifty members were present.

The history of the Wesley chapel society was read by Mrs. Ray Vasey, and that of the Ebenezer society by Miss Luella Blackburn. After the reading of the histories the following program was rendered:

Solo—Mrs. Clyde Black.
Duet—Mr. and Mrs. Bracewell.
Reading—Miss Edna Bracewell.

Refreshments were served and the members enjoyed a good chat at the conclusion of the program.

Union Baptist Missionary Society Met Yesterday.

The Woman's Missionary Society of the Union Baptist church held their regular meeting yesterday at the home of Mrs. A. E. Curry. The meeting was called to order by Mrs. Bingman and a song was given by Mrs. Mary Wood, entitled, "Draw Me Nearer." An invitation was extended to use the tent of the Woman's club for the chautauqua to the members by Mrs. Curry. The motion was made and carried to hold a picnic dinner the first Wednesday in August. Mrs. Bergman was assigned the task of securing a booth at the Morgan county fair. A topic entitled "Islam and the Near East" was given by Mrs. E. J. Lukeman. Roll call was answered by Summer Suppers.

DEATHS

Taylor

C. Riggs Taylor of South Jacksonville received a wire yesterday announcing the death of his brother, Shelby D. Taylor, who passed away at 10:15 Tuesday night. His death was sudden and was due to apoplexy.

Deceased was the son of Mr. and Mrs. George Taylor and was born on the Taylor homestead southeast of the city in 1851. He followed farming a good part of his life. He was a man of strict integrity and bore a good name wherever he was known.

He is survived by his wife, two brothers, C. R., of this vicinity; John H. of Mattoon; two sisters, Mrs. P. J. Scott of Norfolk, Va., and Mrs. Sarah Tellings of Danville, Ill.

The remains will be brought to Franklin and the funeral will be conducted in the Methodist church of that place Friday afternoon.

DIAMOND, FAMOUS HORSE IS DEAD

Was With the Gold Medal Carnival Company—Was Thirty-Four Years Old.

Diamond, one of the most valuable and wonderful horses in the world, died at the carnival grounds yesterday. The horse's trainer, Professor William Bristol, has had the animal ever since its birth, 34 years ago. The professor is quite broken up over the death of his faithful friend and the whole show world mourns with him, for Diamond had toured with every big show in the country and had been across the water several times.

The horse had the most human intelligence any of his species ever possessed. He would answer questions and do many remarkable tricks, as those who were lucky enough to see him Monday night at his last performance will testify.

Diamond enjoyed the distinction of being the only horse to ever show in the white house grounds at Wahington.

On Tuesday Diamond first showed signs of sickness, and Dr. C. E. Scott, the local veterinary surgeon, was called to attend him. But all efforts were unavailing. Yesterday the wonderful horse lying in his stall, gave one last faithful whinnie to his distracted owner and breathed his last.

The wonder horse was reckoned in money as being worth between five and six thousand dollars, but the value of such an animal cannot be estimated in dollars and cents. The professor mourns him as he would his own child.

A farmer of this vicinity offered a grave on his land for Diamond and he was interred there with a deep feeling of loss on the part of all his carnival friends.

NEIGHBORHOOD PICNIC GIVEN AT WINCHESTER

Residents of North High Street Enjoy Annual Picnic—Other News from Scott County Town

Winchester, July 12.—One of the most enjoyable social events of North High street was the annual neighborhood picnic, on Tuesday evening, when fifteen families met on the beautiful lawn of Mr. and Mrs. C. F. Doyle and Mrs. Gertrude Demereth. A bountiful picnic supper was served on long tables arranged on the lawn and beautifully decorated with garden flowers, covers being laid for forty-five. Following the serving of the supper came a brief business session. Hon. J. M. Riggs was unanmously re-elected president, W. D. Gibbs, secretary and treasurer and Mrs. Pauline M. Dace press reporter.

The remainder of the evening was spent with various stunts, singing and merry-making in general, and the company dispersed at a very late hour, thanking the hostess for a most enjoyable evening.

News Notes

Luther Mason of Peoria is here for a short visit with his mother.

Mrs. Kate Garrison arrived Tuesday from Oklahoma to spend a portion of the summer with relatives.

Mrs. Maude Day and two little daughters of St. Louis are visiting Mrs. Day's parents, Mr. and Mrs. George McLaughlin.

Miss Anna McLaughlin left Tuesday for Roodhouse to visit relatives.

R. L. Mason made a trip to the city yesterday.

Administratrix with Will Annexed.
Carl E. Robinson, Attorney.

AGED VIRGINIA MAN IS STRUCK BY AUTO

Henry Monroe Seriously Injured When Struck by Car—Taken to Springfield Hospital

Virginia, July 12.—Henry Monroe, an aged resident of this city, was seriously injured at about 6 o'clock Tuesday evening, when he was struck by an automobile driven by H. A. Orr of the Park hotel at Beardstown.

The accident happened near the home of John Pratt and Mr. Monroe was crossing the street enroute to his home when struck by the car. Mr. Orr stopped the car and assisted in removing the injured man to his home. Dr. McGee and Dr. Blackburn were called and found that the hip was fractured and other injuries sustained, and advised that the patient be removed to a Springfield hospital.

Altho the injured man was suffering great pain, the trip to Springfield was made at once, Dr. Blackburn and Linus Monroe, a son of Mr. Monroe, accompanying him. The fact that Mr. Monroe is seventy-five years of age makes the injury the more serious.

NOTICE K. OF C.
Regular meeting tonight. Special business. Large attendance desired.
Leo Flood, Grand Knight.
John J. Ferry, Fin. Secy.

Mr. and Mrs. Mansfield are visiting in this city for a short time with friends.

PYTHIANS LAUNCH PLANS FOR ANNIVERSARY

A big anniversary picnic is being planned by Knights of Pythias lodge No. 376, this year as the lodge reaches its thirtieth birthday. A committee is already ready at work, completing the plans for this big event.

The committee which is bringing the matter to a head is composed of Dr. A. M. King, Jewell Scott, Frank Bracewell and Harry Herring.

At the present time there are but eight of the original members of the lodge in active work. They are: Lee Morrison of Kansas City, Jacob Claus of Jacksonville, Geo. Sorrells of Jacksonville, W. H. Henderson of Springfield, Forest L. Beam of Bridgeport, Conn., Jesse McBee of Long Beach, California, William Meade of Indianapolis and John F. Brown of Peoria Heights.

$25 REWARD

For return of patient, Cornelia Ferguson, who escaped from Jacksonville State hospital Tuesday night; 60 years old, weight 160 pounds, 5 feet, 5 inches, gray hair and blue eyes; wore glasses, dust cap and gray dress. Call J. S. H.

LEAVE FOR VISIT.

Miss Mary Janete Capps and Miss Helen Walton left this morning for St. Louis, where they will visit at the home of Miss Capps' aunt, Mrs. H. E. Read. They expect to be gone about ten days.

As certain as a lighted candle will burn up its wax—

EVERY informed man and woman knows that the most important of all rules of health is *moderation.*

The man or woman who overeats is sowing the seeds of ill-health. Just as certain to shorten life as a lighted candle is sure to burn up its wax.

To feel your best, to do your best work, to keep healthy for many long, happy years, you cannot afford to eat heavy, indigestible food.

That's why men and women of energy and activity everywhere make Grape-Nuts a regular part of their diet.

Grape-Nuts is a sensible food, delicious, nourishing, satisfying and sustaining—a cereal food baked for 20 hours and made entirely from whole wheat flour and malted barley.

With milk or cream, Grape-Nuts is a *complete* food.

You'll find Grape-Nuts sold everywhere—grocers, hotels, restaurants, lunch-counters, etc.

Get the Best Washer
For the Least Money

We know that to get business today we must give full value or more for every dollar you spend.

There is no washing machine value on the market to compare with

LAUNDRY QUEEN "Oscillator" Electric Washer and Wringer - $120

It is a superior machine at a remarkably low price.

It washes faster and cleaner because there is a double cascade of water through the clothes 160 times a minute. There is nothing inside the clothes receptacle but water—no rubbing, scrubbing or scraping—nothing to cause the slightest friction or wear.

It is noiseless and without vibration.

The wringer swings to four positions and locks. Highest quality wringer rolls turn either way.

Safe, easy to operate, long lasting and lower priced than any other high grade washer.

NEWS OF THE SPORT WORLD

SPECTACULAR DOUBLES MARK CLOSING DAY

WIMBLEDON, Eng. July 12—The closing today of the international grass court tennis tournament was marked by two of the most spectacular doubles contests ever seen at Wimbledon. In one of these Mlle Suzanne Lenglen and Pat O'Hara Wood of Australia, won the mixed doubles championship by defeating Miss Elizabeth Ryan of California and Randolph Lycett of Great Britain. The other feature was the winning of the men's doubles title by Lycett and J. O. Anderson of Australia over Wood and Gerald Patterson of Australia.

Mlle. Lenglen and Miss Ryan annexed the woman's doubles championship by defeating Miss Kathleen McKane and her sister, Mrs. Stocks, of England 6-0 and 6-4.

Suzanne Lenglen's playing was the feature of the mixed doubles final. Lycett, who with Miss Ryan, opposed the French star, and Wood, seemed tired after his two previous matches of the day although Lycett and Miss Ryan played well they could not match the spectacular shots of their rivals and lost, 6-4, 6-3.

WILL TEST ILLINOIS HORSE RACING LAW

CHICAGO, July 12.—A move to test the Illinois horse racing law with a test case on the Hawthorne track was postponed by promoters today because of weather conditions. It was announced the race probably will be held next week.

Several horses were to have run a quarter of a mile in today's race. Just before the race started a "bookmaker" was to have made a bet with one of the attendants but no money was to be passed.

Arrest of the "bookie" was to be the step employed to get the case into court. Backers contend the laws against racing do not apply because the proposed meets are to be conducted along different lines, no actual money being bet.

DEMPSEY PROBABLY WILL MEET WILLS

MONTREAL, July 12—Jack Dempsey, heavy weight champion of the world said today he probably would meet Harry Wills, negro challenger on July 2, 1923, just two years from the date when he defeated Georges Carpentier in New Jersey.

WHITE SOX DEFEAT WASHINGTON 4 TO 1

Fabor Holds Senators to Four Scattered Singles — Mostil Makes Three Hits and Three Runs.

Washington, July 12.—Faber held Washington to four scattered singles today, Chicago winning easily, 4 to 1. Mostil collected a single, double and a triple off Francis and scored three Sox runs.

The score:

Chicago:	AB.	R.	H.	O.	A.	E.
Johnson, ss	5	0	1	1	3	0

RAIN STOPS GOLFERS IN GLENCOE TOURNEY

More than One Hundred Will Play the Qualifying Rounds Today—Do Not Often Stop for Rain.

GLENCOE, Ill., July 12—Prevented from testing their skill today because of a downpour of rain which flooded the course, more than 100 golfers tomorrow will play qualifying rounds in the national open golf tournament on the Skokie course with the low scorers and ties for 24th going into the finals, scheduled now for Friday and Saturday.

Tomorrow's players will comprise the third and final section of the approximately 325 entrants, 50 having qualified Monday and Tuesday.

Monday 27 entered the charmed circle by virtue of three ties for 24th place, while on Tuesday the official reports had even 24 qualifying. Today it developed that there had been a mistake in the score of Charles Thom of New York, and he was charged with 153 strokes instead of 152. This let in four other players who had made 153, namely: Bob Peebles, Louisville; Frank McNamara, Ortega, Fla; Willie Ogg, Worchester, Mass., and A. F. Hackbarth, Chicago.

Thom drove into casual water in a bunker on the 15th hole and lifted and dropped in the same pit, which would add a penalty of one stroke, but the scorer put down only the 4 strokes actually played. The rules provide that a man shall be disqualified if he changes his score after it is reported to the official scorer, but officers of the U. S. G. A., voted to change the score in this case, as Thom had understood a ball could belifted from casual water, even in bunkers, without penalty

This rule never has been closely adhered to, for in every case recorded, the player has added to his score instead of trying to subtract, and it has been held to be a sort of punishment of honor to disqualify the player for confession of error.

Generally, championship golf matches are played rain or shine and it was not thru any sympathy for the players that today's play was called off after a conference of U. S. G. A. officials when the downpour, starting at midnight, showed no signs of cessation at 10 a. m. It was because the course was unplayable that the postponement was decided to be necessary Players of their own accord may not stop for weather conditions.

Indications were that without further rain the links would be in good shape tomorrow and in perfect condition for the rounds on Friday and Saturday.

REDS DEFEATED BROOKLYN 4 TO 1

Cincinnati, uly 12—The Reds defeated Brooklyn 4 to 1. Donohue was greeted by a triple and a double by the first two men up but thereafter the Dodgers were unable to get a man past second base. The infield work of the Reds was of championship calibre. Score:
Brooklyn .100 000 000—1-6-4
Cincinnati 200 010 10x—4-9-1
Grimes, Decatur and Miller, Deberry; Donohue and Wingo.

THE GREAT ROSE WINS THE TECUMSEH

Takes Feature Event in Straight Heats—Results of Other Races.

FORT MIAMI PARK, TOLEDO, Ohio, July 12—The Great Rose won the Tecumseh state feature event at today's grand circuit races in hollow fashion taking three heats.

The Laurel hall was a contender for two miles and then was drawn. Cox started the horse altho he was lame. The first heat in 2:04 1-2 took much of the Good time farm entry's speed.

The Sherwood cup for three year old trotters, another added money event went to Lee Worthy, second choice in straight heats. Collateral after chasing the winner to the wire in the first weakened and Baron Etawah placing. Alma Worthy, favorite, was outside the money.

Longset, driven by Cox, took the the second and winning heat of Monday's unfinished 2:18 trot.

In the 2:05 pace, one heat of which was won Monday by Grace Direct, the judges displaced S. E. Earing, her drived, after Logan Hedgewood won the first heat today. "Bi" Shively drove the mare in the third heat and won. Decision was reserved by the judges in Earing's case.

Jackson Grattan, heavy favorite, took the 2:07 pace in straight heats without much effect.

CLEVELAND POUNDED BOSTON PITCHERS HARD

Boston, July 12—Cleveland pounded Pennock and Karr for 20 hits, defeating Boston, 11 to 7. Joe Sewell made five clean hits in as many times at bat. J. Harris hit a homer over the left field fence with one on base in the ninth. Score
Cleveland .150 020 120—11-20-1
Boston ...000 001 006—7-14-2
Coveleskie and O'Neil; Pennock, Karr and Ruel, Lynch.

BOSTON AGAIN WON FROM PITTSBURGH

Pittsburgh, uly 12—The Boston Braves again defeated Pittsburgh 4 to 3. Yellowhorse outpitched Watson but the support wabbled at a critical time and Rohwer's fumble giving the Braves two runs. Score:
Boston ....030 000 001—4-7-3
Pitfsburgh .020 100 000—3-13-1
Watson, Miller and Gibson; Yellowhorse and Cooch.

GIANTS TAKE SECOND GAME FROM THE CUBS

League Leaders Hit and Field Opportunely — Toney Given Perfect Support.

Chicago, July 12.—Grover Alexander was unable to stop New York and Chicago took its second defeat 5 to 1.

The league leaders outplayed the Cubs on the defense and their attack was opportune. Toney had little difficulty holding Killifer's men safe, as the fielding behind him was perfect, Frisch, Meusel and Young making great catches.

The score:

New York:	AB.	R.	H.	O.	A.	E.
Bancroft, ss	5	1	1	1	3	0
Rawlings, 2b.	5	0	1	4	1	0

BROWNS WIN AND RETAIN THEIR LEAD

Defeat Yankees in Bitterly Fought Game 7 to 4—Pruett Fans Ruth Three Times, Once With Bases Full.

NEW YORK, July 12—St. Louis retained the American League lead today by defeating New York in a bitterly contested game, 7 to 4. The Browns held up play in the fifth inning for 19 minutes in protesting Umpire Chill's decision permitting Meusel to score on a ball thrown into the St. Louis dugout. Umpire Connolly refused to forfeit the game after Chill had indicated he wanted to do so and St. Louis resumed play. Manager Huggins later was put off the bench.

Pruett, College recruit, fanned Ruth three times in the pinches once with the bases full. Williams hit his 21st home run. Score:

St. Louis:	AB	R	H	O	A	E

The United States Railroad Labor Board, under authority of Federal Law, after full hearing to all partes at interest, has fixed present wages for mechanical crafts. Certain employes having declined to accept their decision, the Board has directed the railroad to reorganize its forces and has ordered that men who enter our service

"are within their rights in accepting such employment, that they are not strikebreakers seeking to impose the arbitrary will of an employer on employees; that they have the moral as well as the legal right to engage in such service of the American public to avoid interruption of indispensible railway transportation, and that they are entitled to the protection of every department and branch of the government, state and national."

Standard wages and overtime conditons will be paid; hours to be those necessary for maintenance of the service.

Board and lodging, under ample protection, will be furnished.

Young active men desiring to go into railroad service will be given an opportunity for training in steady desirable employment.

COAL COAL COAL

The coal strike will be over inside of sixty days. Do not place any orders until you see us, we will save you money.

LOWER PRICES IN THE WHEAT MARKET

By Associated Press.

CHICAGO, July 12.—Indications of possible quick settlement of the railroad strike led to lower prices in the wheat market today. The close was unsettled at ⅜c to 1½c net decline with Sept. $1.13 to $1.13¼ and December $1.15½ to $1.15⅞. Corn lost ⅜c to ⅞c, oats ⅜c@⅞c to ⅞c, and provisions 5c to 12c.

Responsiveness to a better outlook for an ending of railroad labor troubles was shown by the wheat market as soon as trading began, but soaking rains that meant perhaps a week's delay to harvest became temporarily the ruling influence, and caused values to range moderately higher thruout most of the first half of the session. Many interior dealers who had sold wheat for shipment by July 20 were asking, it was said, for an extension of time. Besides, some damage by black rust was reported from Minnesota and there was apprehension that warmth and moisture northwest might cause more rapid development of rust than heretofore.

Almost complete ignoring of business factors became apparent in the wheat market after announcement of a definite program loking toward solution of railroad strike difficulties. Profit taking sales, an increase of hedging, and general slowness of export demand accelerated the downward slide of prices. Just before finish a big elevator interest took actively to the buying side of the market and caused a little recovery.

Moisture supplies and seasonable weather were effective in weakening the market for corn and oats despite gossip that exporters, were after corn.

Provisions went upward in price with hogs, but later gave way under an increase of orders to sell.

Lloyd Brown was up to the city from White Hall yesterday.

SPECIAL TAX NOTICE

Notice is hereby given to all persons interested that the City Council of the City of Jacksonville, Illinois, having ordered that a local improvement, consisting of a street pavement, be constructed on East State Street in said City from the east line of the Chicago & Alton right of way, running thence east along said street to the intersection of the east line of Johnson Street with said East State Street, which said pavement shall be constructed in accordance with the plans, plats, and profiles on file in the office of the City Clerk of said city, and which said improvement shall consist of a sheet asphalt pavement with a combined concrete curb and gutter on each side of said asphalt pavement, and said asphalt pavement shall be constructed in the following manner; the surface of the street shall be brought to grade eight inches below the surface of the finished pavement when completed by excavating or filling as the case may be. Upon this sub-base there shall be placed a layer of concrete five inches in thickness. Upon the concrete base there shall be placed a binder course one inch in thickness composed of coarse aggregate, sand and asphaltic cement, and upon the binder course shall be laid a wearing course two inches in thickness composed of refined lake asphalt, heavy petroleum oil, clean sharp sand, and fine powdered carbonate of lime, with a coat of hydraulic cement, which said improvement shall also include necessary concrete headers and resetting of storm water inlets; all of which is further shown and more particularly described in the plans, profiles and specifications for said work on file in the office of the City Clerk of said city, to which reference is hereby made, the ordinance for the same being on file in the office of the City Clerk of said city, and also made a part of the petition in this proceeding, and said City of Jacksonville, Illinois, having applied to the County Court of Morgan County, Illinois, for an assessment of the cost of said improvement, as directed in said ordinance, said assessment being payable in ten installments, each bearing interest at the rate of six per cent per annum, and an assessment therefor having been made and returned to said court, the final hearing thereon will be had on the 26th day of July, A. D. 1922, at the hour of ten o'clock A. M., or as soon thereafter as the business of the court will permit.

All persons desiring may file objections in said court before said day, and may appear at the hearing and make their defense.

Dated at Jacksonville, Illinois, June 30, 1922.

MARCUS A. HULETT,
Appointed to Make Said Assessment.

PRICES ADVANCE IN STOCK MARKET

By Associated Press.

NEW YORK, July 12.—Fundamental conditions favored the further advance of prices and quickened pace of today's financial markets. Developments in the labor situation were reassuring and the higher range of international currencies denated less tension abroad.

Industrial conditions in New England were reported to be almost normal especially in the textile and leather trades. Steel figures disclosed a larger output of finished materials, metal prices hardened and automobile production was maintained during the spring months.

Call money relaxed to the lowest rate this month, local reserves being augmented by receipts from interior banks. Renewals of 30 to 90 day loans at 4¼ per cent were freely made where good collateral was offered.

Studebaker and General Asphalt again featured the day's operations at the year's top prices.

Rails came to the fore at midday, "Three C's," common and preferred, and many of the western and southwestern divisions scoring extreme advances of 1 to 3½ points. Coalers lagged, presumably as a result of advices which showed that movements of soft coal from Kentucky and West Virginia had fallen almost 50 per cent in the last few days. Sales amounted to 825,000 shares.

French and Belgian remittances were carried about 20 points higher in the early rally of foreign exchanges and German marks gained 3 points but the British rate was barely steady.

Liberty bonds again ranged higher but no new records were made.

Total bond sales (par value) aggregated $15,393,000.

East St. Louis Livestock

By Associated Press.

East St. Louis, July 12.—U. S. Bureau of Agricultural Economics—Cattle — Receipts 4,500; steers slow; first sales steady, $9.50@$9.75; $10 paid for long yearlings; light yearlings and heifers 25c higher; cows steady to strong; canners, bulls and stockers steady; veal calves 50c to 75c higher; practical top $10.25; bulk $9.75@$10; bulks follow: Yearlings $8.50@$9.50; cows $4.75@$6; canners $3.75; culls $4.50@$5; stockers $5.50@$6.65.

Sheep — Receipts 14,000; strong to 25c higher; top native lambs $13.35; best western here $13.25; feeder ends $13; fat ewes mostly $6@$7; one deck dry fed 75 pound yearlings $12.25.

Liberty Bond Market

New York, July 12.—Liberty bonds closed: 3½s $100.46; Second 4s $99.98; First 4¼s $100.48, Second 4¼s $100.12; Third 4¼s $100.14; Fourth 4¼s $100.34; 4¾s $100.50.

CASH WHEAT CLOSES LOWER

By Associated Press.

Chicago, July 12.—Wheat in the cash market today closed two cents lower as compared with previous closing prices. Premiums and discounts were firm especially on hard grades. Shipping grades were 200,000 bushels including 175,000 bushels to exporters. The seaboard failed to announce any export business.

Corn was in good demand. The market closed ¼@½c easier with the trading basis unchanged to ½c better for mixed and white grades. Yellow was ¼ and ½c better. Domestic shipping sales were 160,000 bushels including 25,000 bushels for export.

Oats were in good demand with prices unchanged, trading basis were ½ and 1c higher, domestic sales were 90,000 bushels.

Cars inspected: Wheat, 90; Corn, 241; Oats, 116.

SPECIAL TAX NOTICE

Notice is hereby given to all persons interested that the City Council of the City of Jacksonville, Illinois, having ordered that a local improvement, consisting of a street pavement, be constructed on North Main Street in said city from the north line of North Street to a point twenty inches south of the south rail of house track No. 1 of the Wabash Railroad, which said pavement shall be constructed in accordance with the plans, plats and profiles on file in the office of the City Clerk of said city, and which said improvement shall consist of a brick pavement with a combined concrete curb and gutter on each side of said brick pavement, and said brick pavement shall be constructed in the following manner; that the top layer of the old brick pavement shall be removed, and all holes and ditches filled as provided in said ordinance, and brought to grade nine inches below the surface of the finished pavement when completed; upon this sub base there shall be placed a layer of concrete five inches in thickness; upon the concrete base there shall be placed a cushion of sand one inch in thickness, and upon the cushion of sand there shall be laid a surface of vertical fibre brick, all joints to be filled with an asphalt filler, and the surface dressed with one fourth inch of sand; all of which is further shown and more particularly described in the plans, profiles and specifcations for said work on file in the office of the City Clerk of said city, to which reference is hereby made, the ordinance for the same being on file in the office of the City Clerk of said city, and also made a part of the petition in ths proceeding, and said City of Jacksonville, Illinois, having applied to the County court of Morgan County, Illinois, for an assessment of the cost of said improvement, as directed in said ordinance, said assessment being payable in ten installments, each bearing interest at the rate of six per cent per annum, and an assessment therefor having been made and returned to said court, the final hearing thereon will be had on the 26th day of July, A. D. 1922, at the hour of ten o'clock A. M., or as soon thereafter as the business of the court will permit.

All persons desiring may file objections in said court before said day and may appear at the hearing and make their defense.

Dated at Jacksonville, Illinois, June 29, 1922.

MEREDOSIA BRIDGE IS NOW OPEN TO TRAFFIC

Important Event Celebrated With Appropriate Program Wednesday—Jacksonville Sent Big Delegation

Meredosia's big day, Wednesday July 12, is past and the wagon and auto bridge across the river has been formally opened to traffic.. The day's program, planned by Meredosia business men, was of a kind fully in accord with the importance of the event. This program began at 11 o'clock in the morning and with intermissions countinued until a late hour at night.

There were appropriate addresses and especial interest attached to the parade which moved at 4 o'clock thru the principal business streets of Meredosia and across the bridge. The Perry military band furnished an excellent musical program thruout the day.

All the exercises except the inspection of the bridge and the ball game took place in the central park. The speakers had their place in the band stand and seats for the auditors were arranged near by in convenient form.

L. F. Berger, mayor of Meredosia, was chairman of the day and his associates on the bridge committee, men who had been very active in the preparatory work which made the bridge possible included J. F. Brockhouse, W. F. Roegge, C. P. Hedrick and George W. Telling, the last mentioned being president of the Commercial bank of Danville.

For the events of Wednesday the bridge committee appointed a special reception committee including the following: Dr. H. H. Hamman, W A. Schmitt, T. W. Burdick, J. A. Hildebrand, J. D. McLain, G. M. Steinberg, Charles G. Wegehoft, C. H. James, J. L. Tuscher, H. W Kinnett, R. J. Unland.

These men, associated with the bridge committee, were in direct charge of the Wednesday events. Women of the Methodist church furnished the dinner and supper and all the arrangements were of a kind to evidence the hospitality of the Meredosia people and make the date memorable.

Jacksonville certainly took its full part in the affair, sending forty automobiles loads as representatives. In the afternoon the number of Jacksonville cars was further augmented.

After the dinner hour and a program by the band, Chairman Berger called the assemblage to order and an address of welcome was given by Rev. Guy W. Holmes, pastor of the Methodist church of Meredosia. He was followed by Rev. W. C. Heidenreich, pastor of St. John's Lutheran church, who offered a prayer.

The Jacksonville quartet sang two selections, Miss Nelle Self, Mrs. Elmer Ellis, James Guyette and Albert Strausser, with Mrs. C. R. Short as accompanist.

Several Addresses Made

The first address was given by Mayor E. E. Crabtree of Jacksonville, who stressed the importance of the occasion because of the commercial advantage of the bridge, and also gave some of the early history of Meredosia, which had its relation to the building of the bridge.

After further band music Mr. George Thompson, president of the Quincy Motor club, appeared on behalf of Mayor O'Brien of Quincy and extended greetings from that city. The next speaker was State Auditor Andrew Russel, who complimented the people of Meredosia on what they had accomplished in making the bridge usable for auto and wagon traffic and also upon the fine observance of the opening day.

The chairman next introduced Former Congressman Henry T. Rainey, who gave some interesting facts about the construction of the Illinois water way in its relation to the entire big problem of transportation. The speaker also localized his remarks and laid emphasis upon the big meaning of the completion of the Meredosia bridge project.

The final speaker of the afternoon was George W. Telling of Danville, who has land interests near Meredosia and is a member of the Meredosia Commercial club. Mr. Telling is credited with having had unusual influence in securing favorable action from the Wabash railroad upon the bridge proposal.

Mr. Telling said that in giving credit for the accomplishment of the project that it is proper to mention Mayor Berger, Mr. Brockhouse, Mr. Roegge and Mr. Hedrick for unusual activity. He said that special recognition should also be given President Tausig of the Wabash and Vice Presidents Cotter and Brown for their interest and support.

He also spoke of the generous activity of all the members of the Meredosia Commercial club and also of the fine co-operation given by the Jacksonville Chamber of Commerce.

Held Auction Sale

Mr. Hedrick then made an announcement with reference to a quilt donated by Mrs. Daniel Waldo and a calf given by Hon. H. T. Rainey to be auctioned off and the money added to the bridge fund. Mrs. Waldo who was on the platform, was introduced to the assemblage. She is eighty-nine years of age and is the widow of Daniel Waldo, long a prominent citizen of Meredosia and credited with doing the first work upon the Northern Cross railroad the line that ran from Meredosia to Jacksonville and the first constructed in this state.

Charles M. Strawn was the auctioneer and the quilt was purchased by Andrew Russel for $25. The Holstein bull calf brought $75 being purchased by Mr. Hedrick for the Commercial association. "Meredosia Bridge" is the name of the animal, which is thorobred and registered.

Mr. Hedrick made an announcement with reference to a free camping site opened at Versailles on the Q trail, and the chairman then presented Mr. Groves of Brown county, who is superintendent of the highway of that county.

Chairman Berger announced adjournment for the bridge inspection and the line of cars formed very quickly. All drove to the west side of the bridge and then made the return. Shortly after 4 o'clock a ball game between Meredosia and Chapin was called, resulting in a victory of 8 to 0 in favor of Chapin.

After supper had been served a band concert was given at 7:30 and then came a radio concert at the city hall, thru the courtesy of Edward Wackerle of the Woman's college.

Special motion pictures were given at the Princess theater at 8:15.

Some Special Music

The Jacksonville quartet sang with great acceptance several times during the afternoon and another musical number was the piano solo by Miss Gwendolyn M. Berger. Some special interest attached to the number by the Meredosia ladies' quartet, which included Mrs. G. W. Holmes, Mrs. Charles Harbert, Mrs. S. J. Barnett and Mrs. T. W. Burdick, with Miss Nellie Waldo at the piano. After singing a hymn the quartet as an encore presented the following verses especially composed for the occasion, under the caption, "The Meredosia Bridge:"

Said George Telling to Lou Berger,
"A bridge our county needs,
To lead our splendid people in
to get their daily needs;
Now, can you make one for us?"
To which Lou made reply,
"I am not certain that I can;
At least I'll gladly try."

So they started out to get the dough,
And met with great success,
Some started East some started West and they had no recess,
And so we're here together,
From every hill and ridge;
And hand in hand as one we stand,
For the Meredosia bridge.

Said Commodore to Bill Roegge,
"Your county bridge behold,"
And thru their sweet dimmed eyes they saw the wondrous plan unfold.
So Brockhouse bossed the grading,
And spared them not a pain,
"O may it ever stand, he cried,
for car and man and train."

So the bridge is planked as we all know, with timber good and tough,
And no where in this wide world shall this bridge meet rebuff,
The Illinois shall ever flow
'Neath this bridge so strong,
It matters not what others think we know we've not done wrong.

Women Had Big Task

It was no small task to provide the refreshments for so large a gathering but the women of the Foreign Missionary society and the Aid society of the Methodist church had the matter well in hand. Special guests to the number of 75 to 100 were served at tables located in the northwest corner of the park and in another part of the park was served in cafeteria style.

Active in the management of the supper and dinner were Mrs. H. H. Hamman, president of the Missionary society, and Mrs. N. Unland, president of the Ladies Aid society. In an affair of this kind there are many workers and the list of those who joined in the work is very incomplete.

Mrs. William Aldrich and Mr. and Mrs. Frank Pond fried the fish, and among other workers cooking and directing and assisting were the following: Mrs. G. H. Holmes, Mrs. George Hyde, Mrs. Minnie Folsch, Mrs. Charles Gard, Mrs. T. W. Burdick, Mrs. Ella Yost, Misses Nettie and Nelnie Freeman, Miss Lena Batterfeldt, Miss Merle Bennett, Mrs. Rose Lohrman, Mrs. George Unland, Mrs. Will Hale, Mrs. James Barnett, Mrs. George Christianer, Mrs. Lou Starkes, Mrs. Luther Rice, Miss Ina Belle Hale, Mrs. Walter Hyde, Mrs. John Beauchamp, Mrs. Charles Harbert, Mrs. John Moultry, Mrs. L. F. Berger, Mrs. T. C. Pond, Miss Mollie Hyatt, Miss Frances Barnett, Miss Anna Bell Hyde, Miss Gwendolyn Berger, Mrs Belle Savage, Miss Deloiuse Harmes.

As indicated, there were numerous others in addition to those named above, who assisted in the arduous work of serving the people. An earnest effort was made to give careful and prompt attention to the wants of all the members of the organization mentioned and some of their friends joined in this work.

Celebration Notes

The ball game was called at 4 o'clock, Meredosia meeting Chapin. The game resulted in a victory of 8 to 0 in favor of Chapin. Burrus was the pitcher for the Meredosia team. The Chapin players were S. McDaniel, 2b; P. McDaniel, 3b; BB. McDaniel, ss; E. Griffin, cf; Delps, p; I Flynn, c; McDaniel, lf; A. Flynn, rf; Surratt, 1b. Extra players, Smith and J. Surratt. Turner of Chapin and Rouse of Meredosia were the umpires.

The fact that the bridge will be of special advantage to farmers just west of the river is evidenced by the fact that a number of them will began delivering wheat today at the Meredosia elevator. Heretofore they have been compelled to market their grain on the other side of the river and often the price was several cents below the Meredosia market.

It was especially fitting that Mrs. M. J. Waldo should be one of the group upon the the platform. Mrs. Waldo has recently observed her eighty-ninth birthday but is still more than usually vigorous. She is the widow of Squire Waldo, who lived in Meredosia for a long period and was prominent in the business and social life of the town. His name has come down in Illinois history as the man who turned the first shovel of earth when construction work on the Northern Cross railroad was begun.

Cost of the Bridge

The bridge which was opened yesterday at Meredosia was made possible by hard work on the part of Bridge Committee. These men donated their services and after two months hard work raised $15,000. This money was used in building roads and approaches to the bridge and for electric gates which have been installed. The Wabash railroad company supervised the work of planking the bridge and will have charge of operation.

It has been decided that the tolls across the bridge will be 35 cents one way for Automobiles and 50 cents for a round trip ticket. Foot passengers will be charged 5 cents each way. The Wabash railroad will have charge of collecting tolls.

The bridge program was started February 17th and the work concluded Tuesday of this week.

COACH HARMON TO STAY AT ILLINOIS

President Rammelkamp Makes Announcement That Popular Athletic Director Will Again Be on "Hill."

Some good news was given out by Dr. C. H. Rammelkamp of Illinois College yesterday when he announced that Coach W. T. Harmon would again direct athletics on the "Hill."

Coach Harmon presented his resignation several weeks ago and it was announced would seek a position elsewhere. However, the board of trustees was able to reach a satisfactory agreement for the return of Mr. Harmon to Illinois college.

The news that Mr. Harmon is to return to Illinois will be received with satisfaction by friends of the school and of Coach Harmon. He is one of the most capable directors in the middle west and has placed athletics at the institution on a high plane.

The fact that he will be at Illinois will result in many of the best athletes in this section of Illinois coming to the school. Several of the best men at the Jacksonville High school will enter Illinois College this fall and their decision was reached largely thru the fact that Mr. Harmon is the director of athletics.

Coach Harmon is now at Ann Arbor taking the course in the summer coaching school under the direction of Coach Yost. Reports from there indicate that the coaches are having a strenuous time. As the personnel of the staff is composed of some of the most famous men in their particular lines it is probable that Harmon will return with much valuable information.

While Mr. Harmon has attained distinction along athletic lines he also has found time to take part in civic affairs. He has been active in all forward movements and as a member of the city council has also shown unusual ability. It is a matter of congratulation to his many friends that he is to continue his residence here.

Our Big July CLEARANCE SALE Starts Today RABJOHNS & REID

Mr. and Mrs. John R. Jackson, Orville Stout and son passed thru the city on their way to visit friends in Scottville.
